OLD NILES RESIDENT OVERTAKEN BY DEATH AFTER BRIEF ILLNESS

Mrs. Olimpia Spetti Dies Friday In Alameda Hospital

Niles and surrounding community were saddened Friday to hear of the death of Mrs Olimpia Spetti, who has been a well-known resident of this section for over twenty-nine years. Mrs. Spetti succumbed in a hospital in Alameda after only a brief illness. Pneumonia which followed after an operation was the direct cause of her death.

The deceased possessed a lovable character which won the respect of all who knew her. Her many friends in the vicinity of Niles spare no words in paying tribune to the noble life which she led throughout her long residence in Niles.

Mrs. Spetti was fifty-four years of age at the time of her passing, and came to this country from Italy when she was a young woman.

Four children, all full-grown, and a husband survive to mourn the passing of a dovoted mother, and wife. These are Frank and George Gemifnani, two sons who survive from a former marriage, and Donald Spetti and Mrs. James Delucchi, children from her marriage with Mansueto Spetti.

Funeral services were held Monday morning from the Garden chapel of a Hayward mortuary. Requiem high mass was said for the dead woman at All Saints Catholic church in Hayward, and burial was at the Holy Sepulchre cemetery. A large number of friends were on hand to pay their last respects to the deceased. Many floral offerings were presented.

The sympathy of the entire community is extended to the bereaved family.

WELFARE BOARD FACES INCREASE IN NEEDY FAMILIES

Must Provide Relief for 1030 Persons During This Winter.

Providing relief for an increased number of families this winter formed the chief topic of discussion at the regular meeting of the Southern Alameda County Welfare board held Friday night in Niles.

A total of 1030 persons who will have to be taken care of this year are already listed, according to F. V. Jones, member of the board. This is a large increase over last year, when there were approximately 600. The new law which provides that no one can receive relief from the board unless he has resided in the state at least a year and in the county at least three months came up for considerable discussion in connection with a newly arrived family in Washington township which is very much in need. The family will probably be sent back to the state from which they came.

NEW FAMILY

A new family was added to Niles residents last week when Mr. and Mrs. Charles A. Rowand and family moved into the house located on Third street, recently vacated by Mr. and Mrs. Lloyd H. Rhodes and family. Rhodes moved in Modesto where he is in charge of the Modesto Tribune.

Rowand is employed at the Hetch Hetchy project.

VISITS BROTHER

Mr. and Mrs. R. Peterson and family were in San Francisco Sunday visiting Peterson's brother, who is confined to a hospital recovering from an appendicitis operation.

NILES GRAMMAR PUPILS HONORED FOR PENMANSHIP

County Superintendent Asks for Samples to Be Put On Display

The Niles grammar school was honored this week when the county superintendent asked for samples of the penmanship of the fifth, sixth, seventh, and eighth grade pupils, to be placed on display at the county superintendent's office.

The writing of the pupils from the above named grades has been of such high quality that the county school official's attention was attracted to the extent that he wishes to have it placed on display. Samples will be prepared and placed in neat folders and then sent in, according to E. D. Bristow, principal of the Niles school.

The eighth grade boys are engaged at present in making some handsome baskets in the basket weaving class. The sixth grade pupils also are turning out some artistically designed baskets which they will use as Christmas gifts.

Plans for the annual Christmas program to be held at the Niles school are rapidly going forward under the direction of the various teachers. The program is to be presented on Friday, December 18.

JUNIOR COLLEGE

At a meeting of the hometown junior college committee held last Thursday night at the home of Mrs. J. E. Thane, F. V. Jones was officially made chairman of the Niles committee working for a junior college in Niles.

Announcement was made that the matter of the junior college has now been officially turned over to the high school boards of trustees in the four townships concerned.

RATHBUN RESIGNS AS HEAD OF NILES FIRE DEPARTMENT

Tony Alves Chosen to Fill Position as New Chief

After rendering a long and faithful term as a fireman in the Niles fire district, Bert Rathbun presented his resignation as chief of the Niles fire department to the board of fire commissioners last Tuesday night.

Tony Alves, who has been acting as first assistant fire chief, was chosen to fill the position left vacant by Rathbun's resignation.

Lack of the time which he would like to devote to the position was one of the chief reasons for the former Niles fire head's withdrawal. He is planning on being away from Niles much of the time in the future on business, therefore felt that it would be more desirable that some other chief should be appointed.

Rathbun has proved an efficient and hard working fireman during his reign as head of the department, and has to his credit many years of useful service. He had earned the confidence and respect of his department and done much to keep up the morale of the firemen. He has been one of the chief figures that has made the Niles fire fighters the efficient squad that they are.

Every member of the department expressed their deep regret at Rathbun's withdrawal; the board of fire commissioners, including F. V. Jones, chairman, J. Alberg, Ed Rose, and E. E. Dias, framed resoluions of thanks and appreciation to the retiring chief for his meritorious work in Washington township.

Alves, the new Niles fire chief, has the confidence and respect of everyone in the Niles fire district, and is expected to prove a valuable man in his new position.

At the regular meeting of the Niles firemen Friday night, Rathbun was presented with a handsome gold watch as a token of appreciation for his work. A banquet also was held in his honor.

SUPERVISORS STILL 'KIDDING' NILES ON ROAD ASPIRATION

ALTHOUGH there were hopeful expectations of a decision on the Niles Main street question from the Alameda county Board of Supervisors, the body met last week and as usual no action was taken on the matter.

Despite reports from official sources stating that some move would be made very soon, Niles has been again disappointed in not having the issue definitely settled by the powers that possess the authority It appears as if those who are eagerly looking forward to early action on the road question are indulging in the heights of optimism, judging from the lethargic manner in which the controverisal subject is being treated.

Yet perhaps sentiment should not be too pessimistic, for it is still within the realms of possibility that after the duck season draws to a close, something approaching serious consideration may be given by the supervisors to the question which has been agitating Niles for several years.

MAN COLLIDES WITH POLE AT WARM SPRINGS

Warm Springs was treated to a brief but eventful visit from Carlo Higuerra, of San Jose Sunday—a visit that proved not such a happy one for Higuerra.

Five minutes after his arrival, Higuerra had been loaded into a car and was headed back to San Jose for medical treatment. He arrived at Warm Springs in a truck without the apparent knowledge of the driver. In an attempt to alight from the rear end of the truck, he underestimated the speed at which the vehicle was traveling, and after three long strides he collided with such force against a telephone pole that he was knocked unconscious. A passing motorist took him back to San Jose.

PROSPECTS LOOM BRIGHT FOR SWIMMING POOL AT WASHINGTON HIGH SCHOOL

Centerville Lions Club To Sponsor Project Under Subscription Form.

Prospects of an $8,000 swimming pool at Washington Union High school in the near future were strongly voiced at the regular meeting of the Centerville Lions Club last Wednesday night.

A. J. Rathbone, high school principal, was present at the gathering and presented a plan which is expected to result in the pool being constructed at the high school within the next year.

If the proposal is carried out, subscription will be sold to individuals at 10 each, and would be in the form of script books, which entitle the subscribers to bathing privileges at the pool.

Rathbone suggested that 500 books be issued at the outset which would assure $5,000 for a beginnning. As the public used the pool more regularly, the balance of the required fund would be obtained.

The principal explained that the Washington Union High school student body has at present approximately $600 in its treasury, which could be contributed toward the fund, and would be willing to pledge an additional $600.

It also was pointed out that Washington township people are liberal patrons of the bathing pools in Niles Canyon, during the summer months. The resorts are operated by private interests and charge a fee. These patrons undoubtedly would give their support to the proposed pool at the high school.

Erection of signs to the entrances to Centervill e also came up for discussion at last Wednesday night's meeting. These signs will be erected as soon as possible, under the direction of Joe Jason, who has conferred with the state automobile association relative to securing their aid in constructing the signs with colored glass jewels that will reflect the lights of automobiles at night.

WARREN TO FACE COURT IN NILES CANYON DISPUTE

Controversy Over Right-of-Way To Be Settled Next Month

When the Niles canyon right of way controversy comes before the United States Supreme court next month, Alameda county will be ably represented by District Attorney Earl . Warren himself, according to reports coming recently from the district attorney's office.

Warren is of the opinion that this will be more economical than hiring attorneys to represent the county, and he says he is completely familiar with the details of the six-year-old battle between the county and the Southern Pacific and Western Pacific railways.

The dispute arose over the question of whether the right-of-way of the county for a highway antedates the federal grant of the right-of-way through the canyon. Due to the narrowness of the canyon the county road encrouches at places on the railroad right-of-way, according to Southern Pacific officials. In previous court battles in the state of California the county has emerged victorious in decisions handed down by the highest state tribunal, but the United States Supreme court recently granted the railroad a review of the case.

The decision is expected to have considerable influence in many sections of the west. This will be the first time the federal courts have been called upon to determine the relative claims of a county and the federal land grant authorities.

The district attorney is hopeful of getting a favorable decision from the supreme court.

TOYON BRANCH SPONSORS DISPLAY TO HELP HOSPITAL

An attractive and glittering Christmas display now adorns the window of Hellwig and Duarte's market in Niles, the work of the Toyon branch of the Baby Hospital, who are planning on disposing of the contents of the window for the benefit of the inmates of the Children's Hospital in Oakland and Del Valle. Mrs. J. R. Whipple and Mrs. George Roeding, Jr., of Niles, have been in charge of the decoration work.

A beautiful doll and doll house, awarded to Mrs. Whipple at the benefit bazaar in Oakland, are among the articles to be offered patrons of the affair. An attractive Christmas tree also is included.

HEAVY FOG FORCES FLYER TO LAND AT NILES

Heavy fog was responsible for G. Wilbur Cornelius, well-known aviator of Oakland and San Francisco, making a forced landing on the Tom Cunha ranch near Niles Monday afternoon. He was on his his way to San Jose from Oakland when it became impossible for him to proceed any further after he reached the vicinity of Niles. After making several circles about Niles, he finally managed to land safely.

After spending the night at the home of Williard Hatch the aviator took off for San Jose Tuesday morning.

NILES CIVIC BODY SUPPORTS PLAN TO NUMBER BUILDINGS

Erection of New Street Signs Also Favored By Chamber.

Houses and buildings on Niles streets will be numbered and new signs indicating the various streets will be erected in the near future, it was decided at the Tuesday session of the Niles Chamber of Commerce when a motion was unanimously passed that this work should proceed as soon as possible.

This action was taken after J. A. Silva, chairman of the house numbering committee, presented a report in which he stated that once maps of Niles are obtained the numbering could be done very cheaply and efficiently. These maps are available at a Niles real estate office, it was added.

Silva's proposal suggested the numbering should begin at Alameda creek on First, Second and Third streets and run to the California nursery property. With the side streets, the numbering would begin at First street and continue to the end of the streets.

In his report, Silva also brought out the question of erection of new street signs, pointing out that several of the present signs are down, others are so small and so weatherbeaten they are unreadable. Some members of the Niles civic body thought the street names should be inscribed on the curbing as this would make them more permanent and lasting. However, this could not be done at all the streets due to the absence of curbing. Definite understanding as to what procedure would be followed was not settled at Tuesday's gathering.

A communication was read from the state governor's office, in which Governor Rolph asked the Niles civic organization to support his proclamation issued at a meeting of the state and city unemployment relief workers held November 23 in San Francisco. This proclamation called attention to the fact that approximately 1200 indigent unemployed are arriving in California daily, which is creating a hardship for the relief committees who are striving to care for the unemployed residents of the state and cannot help the newcomers. The proclamation further added that labor camps have been and would be established where these men can work to earn their meals and living quarters, but will receive no wages. Various social and civic organizations have been asked to provide relief to the native unemployed before considering others.

In this regard, F. V. Jones, president of the Niles chamber, explained the difficulty facing the Southern Alameda County Welfare board in connection with a case resided within the state one year and in the county three months. Jones told of a family of twelve in Washington township which is in dire distress, but the county can render no aid because it has arrived recently from Oregon. Any aid given will have to come from the community in which the family resides.

That W. F. Holbrook, state maintenance engineer, will come to Niles soon to talk over the matter of widening Main street in the postoffice block was indicated when a communication stating his willingness to come and talk over the proposal was read.

Plans for the annual Niles communit Christmas tree are rapidly being formulated, it was announced at Tuesday's meeting.

in Washington township. Because of a new law passed at the last legislation, no one can receive aid from the county unless they have

ATTEMPT MADE TO ROB WASHINGTON UNION HIGH AFTER BINDING WATCHMAN

Two Masked Men Tamper With Safe But Get No Loot.

Two masked men attempted to rob the Washington Union High school late last Friday night after overpowering Robert Groat, nightwatchman, in the high school gymnasium. The robbers did not obtain any loot, although evidence indicated the high school safe had been tampered with.

Groat was making his rounds at approximately 1:30 a. m. in the morning and was in the gymnasium when the two masked men stepped out from the darkness of one of the rooms where they had been concealed and threatened the watchman with a large club.

After forcing Groat to lie on the floor, the marauders bound him with towels and removed his keys. He was then carried to a towel room and wired to one of the uprights.

By consistent wriggling for some time, Groat finally was able to free himself and went immediately to Centerville where he notified Nightwatchman Potts and Constable Tom Silva. The three returned to the high school building but the two men were gone. It is thought that the sound of Groat's machine leaving after his escape frightened the pair away.

Nothing was missing from the school building, according to Principal A. J. Rathbone, although there were marks about the safe. With the exception of high school records, nothing of value is kept in the safe, said the principal. A sum of money for the relief of distressed Porto Rican school children had been collected at an assembly held in the high school auditorium Friday afternoon, and it is thought the maruaders knew of this and were intent upon getting their hands on the money.

Authorities are of the opinion the two men remained in the gymnasium after a scout basketball game that had been held there earlier in the evening, thus awaiting an opportunity to waylay Groat and obtain the keys to the high school building.

Ex-Senator Strowbridge To Address Niles C. of C.

Next Tuesday's session of the Niles Chamber of Commerce will be featured by the presence of E. F. Strowbridge, ex-senator from this district, and now overseer of weights and measures in Alameda county, as the chief speaker. Strowbridge is well-known in this locality and those attending the gathering are assured of an interesting address.

NILES BRIDE-ELECT IS HONORED WITH SURPRISE SHOWER

Miss Caroline Mendonca to Become Bride of Joe Perry

A surprise shower was held Saturday night at the home of Mrs. J. N. Viveros, of Niles, for Miss Caroline Mendonca, Niles girl who will become the bride of Joe Perry, also of Niles, at a ceremony to be performed at the Corpus Christi church in Niles Sunday, December 13.

The evening was spent in dancing and playing games. Delicious refreshments were served, and the bride-elect received many beautiful gifts. Both the prospective bride and groom are well-known in Niles.

Today's Scripture LESSON

By Rev. John R. Stevenson

Behold, we count them happy which endure.—James v:11.

If ye endure chastening, God dealeth with you as with sons.—Heb. xii:7.

Trials must and will befall;
But with humble faith to see
Love is inscribed upon them all,
This is happiness to me.

SEED STORE IS OPENED IN NILES ON DECEMBER 1

Supplying a long felt need in Niles, J. M. Nunes opened a seed store in the building opposite the street from the Niles fire hall, on December 1.

Nunes has had a great deal of experience in the seed business, having been engaged for two years in platt breeding work for the Ferry, Morse Co., out of Salinas.

He will handle all types of high grade pure bred seed strains as well as plants bulk, insecticides, and fertilizers. He also is prepared to give reliable information on scientific plant pest control.

Nunes is not a stranger in Washington township, having been born and raised in the Centerville community. He is the son of the late Joseph N. Nunes, and attended Centerville Grammar school and Washington Union High school. He is a graduate of Stanford University with the class of 1930.

He extends a special invitation for township people to come in and look over his stock.

TRAFFIC OFFICERS STAGE LIGHT RAIDS

Motorists with faulty lights on their cars are receiving citations recently as the result of a series of one light "raids" being staged throughout southern Alameda county by the three members of the state highway patrol who are residents of this section.

Due to the fact that the officers have no assistants or focusing screens they are concentrating upon the cars which have the most glaring lights and those which are being driven with only one light.

GRAMMAR SCHOOL AT CENTERVILLE TO PRESENT PLAY

Artistic School Paper Will Be Issued Next Week.

A Christmas play entitled "When Christmas Comes" will feature the annual Christmas program to be presented December 15 by the Centerville Grammar school in the grammar school auditorium. It will be presented by the sixth grade under the direction of Miss Inez Moznetto. Approximately thirty pupils will take part in the drama, which has an appealing Christmas theme concerning an old couple who spread a happy Yule.

The eighth grade students are displaying some real artistic ability in drawing the scenery for the play.

Santa Claus and a Christmas tree will be included in the treat in store for the pupils and the visitors at the Christmas program.

The Oracle, Centerville Grammar school's official paper, is scheduled to appear sometime during next week. The publication will be composed of twelve mimeographed pages containing contributions from all of the grades. The Christmas motif is used throughout, and some attractive Yuletide crayon drawings by the pupils illustrate the various pages. The cover especially gives a pleasing effect to the eye by the artistic lettering and drawing contained thereon.

The grammar school pupils were treated to a marrionette show last week, which was staged for the benefit of the cafateria fund. The recent paper drive conducted by the school for the benefit of the cafateria netted the fund a total of $27.

Tuesday was vaccination day at the grammar school, and thirty-nine pupils who were not vaccinated for small-pox last year were treated Tuesday.

Miss Florence Aust,, Miss Beatrice Taylor, and Mrs. Josephine Brown, of the high school, were members of a theater party in San Jose last Wednesday night.

Mrs. D. Jenkins, of Los Angeles, was the guest of relatives in Centerville this week. She left Tuesday by boat for Seattle.

HIGH SCHOOL NOTES

Delivering an interesting address and displaying a set of colorful slides on bird life, Bert Hartwell chief state naturalist, appeared as the chief speaker at a special assembly held in the high school auditorium Friday afternoon. The fifth, sixth, seventh and eighth grade pupils of the Newark, Irvington and Centerville schools also were present to enjoy the naturalist.

Hartwell rendered several whistling numbers, imitating various wild birds. His slides on bird life and his accompanying lecture were enthusiastically received by the assembly.

A sum of $48.41 was realized at the gathering, which will go toward the relief of needy school children in Potro Rico.

***

Members of the high school chemistry class under the supervision of B. T. Webb made a trip to Newark Wednesday, where they inspected the chemical plant located at that place.

***

Plans for the annual Girls' League Christmas program to be presented Friday, December 18, are being made at the high school. All classes will have a part in the program.

***

On the evening of Thursday, December 17, Mrs. Foster's choral class will present a Christmas cantatta in the high school auditorium. The title of the musical offering is "Music of Bethleham." The public has been cordially invited to attend.

***

The six high school bus drivers were given a written examination at the high school on Tuesday morning. The examination, which was held under the direction of George Barron, of the state highway patrol, dealt with questions concerning the operation of busses. A physical examination also was taken by the drivers.

CENTERVILLE HIGH TAKES 11-6 WIN FROM EMERYVILLE

Unlimited and Class B Teams Are Victors Over Alumni

Washington Union High school's Class C basketeers took Emeryville high five into camp Monday afternoon by the score of 11 to 6 in a rough game played at Emeryville.

The stellar shooting of H. Sekigahama again featured the afternoon's performance, when the speedy forward accounted for all of his quintets tallies. He netted five field goals and one free throw during the contest.

The Washington lineup included H. Sekigahama, Laybourne, Fudena and Brown as forwards; Koga, center; and Hirabayshi, Tominstsu, Masula, and Dusterberry as guards.

Monday's win throws the Cornhuskers into a tie with Livermore for the championship of the southern Alameda county league, as Hayward was beaten last week by Emeryville.

BUILDERS OF CALIFORNIA

ALL of the 9 largest GAS COMPANIES in California are depositors in Bank of America

GAS SERVICE *through GUN barrels*

LONDON in 1813. A blacksmith laboriously joining old gun barrels to make the first pipeline for gas!... Today, California alone has gas pipelines which, end to end, would reach around the world. And progress has brought modern gas appliances for cooking, water heating, house-heating—even refrigeration!

That you may enjoy these comforts and conveniences for a few cents a day, California gas companies have invested more than 200 million dollars.

Serving millions of consumers and employing 10,000 people, these companies make constant use of Bank of America's statewide service.

District offices in many cities deposit funds in 171 branches of this Bank.

Prompt transfer of these funds simplifies accounting, saves time and interest. Large sums are placed in circulation for productive use: new construction, wages, supplies and taxes.

These nine great public utilities judge a bank by their own high standards of financial strength, conservative management and service. Does not their choice suggest Bank of America as a good bank for you?

Operatic Fantasy To Be Staged by Sunol School December 11

"Station Cloudieville" Is Name of Operetta Being Planned by Children

"Station Cloudieville" is the title of the operetta to be presented by the Sunol Glen Grammar School Friday evening, December 11.

Principals have been chosen and will be announced this week.

The chorus, principals, and faculty have been working continuously on the rehearsals to make the affair go over successfully.

The plot of the operetta is fantastical and deals with a meeting of the stars and planets, including Old Man Moon. They are discussing the news that the humans are learning to fly. The whole company laugh at them, for they think the humans are such funny things.

At the end of the first scene Old Man Moon is having a great time amongst the company, when suddenly many airplanes whir in. They torment him by rushing him all over the place, until he is utterly worn out and gives up in distress.

In the second act, the top of the mountain has become Station Cloudieville. The signal beacon attracts much attention from the sky folk. They decide that Signal Light has come to stay and arrange to give him a welcome. Old Man Moon is made master of ceremonies and a most successful sky carnival is given in honor of Signal Light.

Following are the groups and characters as they will come on the stage:

The Starlets, a twinkling chorus; Starbright and Starlight, the wishing stars; Fluffy Cloud, who loves her dress; Fringy Cloud, is never quite the same; Old Man Moon, the clown of the sky; Big Bear, who enjoys a good joke; North Star, who guides the earth; Cloudlets, a fluffy chorus; Little Bear, who keeps a look out; Lady Comet, a fiery queen; Mistress Rain, who cools us off; The Rainbow Girls, a colorful chorus; The Airplanes, who torment Old Man Moon; Signal Light, who warns the humans.

PLEASANTON GRAMMAR SCHOOL PUPILS MAKE THANKSGIVING BOXES

Students of the Pleasanton grammar school brought food supplies to school two weeks ago and arranged it in nine baskets, which were distributed by Constable 1 Vervais and Chief of Police Wm. T. Davis, Pleasanton officers, to needy families in the Pleasanton community.

Each student brought a donation of food to school, and when divided there was a sufficient amount to supply nine families with a good Thanksgiving dinner.

TEN DAYS SENTENCE IS GIVEN OAKLAND MOTORIST

Marciel J. Marquis, of Oakland, was sentenced to ten days in the county jail in the Pleasanton court by Judge Clark, of Livermore, on last Tuesday.

Marquis was convicted three weeks ago of violating the state architecture law in connection with the erection of a service station in Sunol for Mrs. Annie Pye.

Marquis' sentence carried an alternative of a fifty dollar fine, but the defendant was unable to pay the fine.

WOMEN: watch your
BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

Huge Celebration To Mark New Oakland Theatre Opening

With the greatest celebration in the history of the east bay, the Paramount, Oakland's new three million dollar talking picture palace, will open its doors on the night of Wednesday, December 16.

This announcement, the first word since the start of construction more than fifteen months ago, was made recently by A. M. Bowles, northern California division manager for the Fox West Coast theaters.

In his opening statement Bowles said that Fox West Coast executives had carefully checked the program and present condition of the new theater, and feel certain that everything will be in readiness for the opening celebration one week before Christmas.

The occasion promises to be the most festive and brilliant of its kind ever celebrated in Oakland. Kleig lights, band music, motion picture stars in gorgeous costumes and throngs of amusement-loving people will turn Broadway into a kaleidoscope of sound and color.

There has been no stint of expense or effort to make the event worthwhile. A great stage and sreen program has been arranged, many film celebrities are scheduled for personal appearances and Governor Rolph will be present as well as Fox officials to extend words of welcome and greeting.

The Paramount is the last word in modern theater construction, having every comfort and convenience ever built into a palace of the cinema. The theater is located on Broadway midway between Hobart and Twentieth streets and above the huge marquee is the largest electric and neon sign ever erected on the Pacific coast.

A policy of outstanding film productions and Fanchon and Marco stage acts will prevail, according to Frank R. Newman, who will be the Oakland manager. No seats will be reserved for the opening and regular theatre prices will be charged. The importance of attending early is stressed by the new manager.

The opening picture will be Paramount's "The False Madonna," starring Kay Francis and featuring William Boyd. According to word just received from the Paramount studios, Miss Francis will be among the stars who are to make personal appearances. A Fanchon and Marco revue especially produced for the occasion will hold stage.

Among the Paramount Publix executives who will be present are Herman Webber and Arch Reeve, Fox West Coast theatre officials will include Oscar S. Oldnow, Howard Sheehan, A. M. Bowles, Winfied Sheehan, Bob Collier, Bob Harvey and Charles M. Thall.

STOLEN TURKEYS COME BACK TO OLD HOME

Apparently disgusted with their new life, seven of the fifteen turkeys that had been stolen from the A. C. Garcia ranch during the Thanksgiving holidays, returned home last week.

Where the birds had been is not known, but that they preferred to be in the keeping of Garcia was evidenced by their finding the way back. It is thought the eight eight turkeys were either sold or eaten by the thieves.

$169.50

Wiring Included .. [Terms Can Be Arranged]

STOP IN wherever this Estate electric range is sold. Find out what is the regular price of the range installed in your home. Then compare that price with the special price of $169.50 which includes all necessary wiring.

You will be convinced that here IS a bargain.

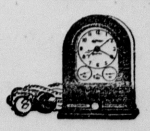
This bargain price is possible because profits are temporarily cut—thanks to the manufacturer, the jobber, your dealer, and the P. G. and E. And because this is a modern Estate electric range and not a "close out" model, this bargain is good for a short time only. So have an electric range installed now and enjoy it during the holidays.

One cent a meal per person to cook with electricity

According to our records, cooking with electricity costs but one cent a meal per person. And electric cooking is fast because of improved cooking elements. Furthermore, cooking electrically is clean.

Come in and see the electric ranges which are specially priced. Three popular makes of electric ranges await your selection, the Estate, Monarch, and L&H. The special prices, which include wiring, cannot be allowed after December. That is why you should have your range installed right away. Terms can be arranged which will not interfere with your Christmas budget.

Electric Clock and Time Control



Extra outlet on the back of the electric range enables you to use this electric clock. It requires no winding. It is a time piece as well as a time control for your range. With this time control, you place your dinner in the oven in the morning, set the controls and you are free for the day. The temperature control, which is included with the electric range, keeps the oven temperature just right. Electric clock and time control is extra.

NOTE: The above price of $169.50 will apply only on sales for single residences, with first floor installations and open basement, and where electric service is supplied by overhead construction. On other installations the customer will be charged the installation cost in excess of $50.

When BABIES are Upset

BABY ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

Fletcher's CASTORIA

Tailoring to the INDIVIDUAL

Clothes of Character

SUCCESSFUL business men no longer consider hand-tailoring an unnecessary or expensive refinement. Compare the fine differences in appearance and fit of suits made definitely for YOU and not to the mold of a million others. There's character to tailored clothes—personality — comfort, lasting newness, and wearability. Well tailored clothes have style and distinction — successful men have learned to insist upon, for they realize it costs no more. A suit here will cost as little as you paid for a ready-made last year—it will render twice the pleasure.
